

DEPARTMENT OF COMPUTER SCIENCE AND BUSINESS SYSTEMS**Organizes****A National level technical symposium****FUN ROOM**

A team of three participants will have the opportunity to participate in six games together. There are two sets of games six in each of it, and the participants will be able to choose which set they want to play. The team winners from both sets of games will then compete in a final video game to determine the ultimate winner. The final winner will receive a memento.

Do's

1. Be on time to your respective hall.
2. Come with your team members.
3. Maintain decorum.
4. Complete the fun activity within the allotted time.

Don'ts

1. Should not exceed more than three in a team.
2. Should not participate more than once in the same game.
3. Should not ask any extra time.
4. Don't make any damages or break the properties.
